, Engineer.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed

3.2 cubic feet per second. (Three & Two tenths)

Actual construction work shall begin on or before May 26, 1920.

Proof of commencement of work shall be filed before June 26, 1920.

Work must be prosecuted with reasonable diligence and be completed on or before May 26, 1923.

Proof of completion of work shall be filed before June 26, 1923.

Application of water to beneficial use shall be made on or before

September 26, 1925 Proof of the application of water to beneficial use must be filed with State Engineer on or before October 26, 1925.

WITNESS MY HAND AND SEAL this 26th day

Proof of completion of work filed JUN 24 1920 of February, 1920.

Proof of ~~later~~ JUN 28 1920

Filing of further proofs under this permit abrogated by virtue of approval of No. 7025 to change the point of diversion.

J. S. Seng
State Engineer.

This permit is issued subject to all prior rights on the source and to the terms of stipulation dated February 5, 1920 which is made a part hereof. Although the full statutory allowance of 3.2 cubic feet of water per second, for the total acreage of land proposed to be irrigated, is granted, the right eventually acquired by any certificate issued under this permit will be limited to the statutory allowance of water for the area of land not actually entitled to a water right under proof of appropriation No. 01562 and permit No. 4975. The total amount of water diverted from the combined sources, Dry Creek under permit No. 4975, and Reese River under and by virtue of this permit, shall not exceed the statutory limit of 3.2 cubic feet per second.

A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

ASSIGNED

5310 on October 29, 1941 by S. G. Broyles to Henry
Filippini. Deed filed November 12, 1941.
